

Dear Volunteer,

Welcome, to **Junior Achievement**. We are thrilled that you have chosen to partner with us this year; to share your personal and professional experiences in a virtual classroom setting. We know that you will find your experience with JA to be both rewarding and inspiring. In our humble opinion, there is no greater reward than knowing that you have made a difference in a child's life!

Since JA provides program solutions geared toward making an impact in the lives of students throughout our community, it means that you are more than a volunteer. You are a **Role Model**; an important part of facilitating JA's mission to empower young people to build their own successful futures.

As a classroom-volunteer, you have a choice. You can lend your expertise to one, or all, of our program pathways. We offer **Financial Literacy**, **Work and Career Readiness**, and **Entrepreneurship** to students in K-12th grades. Program sessions range from 30-45 minutes; with multiple delivery methods for you to choose from.

Depending on your availability, volunteers can help students in different ways:

- Virtual Volunteering
- Traditional In-classroom
- JA Job Shadow Experience
- Career Speaker Series: Live Video Presentations/Pre-recorded Video Presentations
- JA in a Day

We Make Sure that You Are Prepared

- By providing virtual training
- Program content
- Staff support throughout your volunteer experience
- Online access to downloadable/printable program materials

To ensure that you are prepared and have the best experience, in turn we ask that you:

- Attend your scheduled training session
- Prepare, by setting aside at least 48 hours to review the lesson plan before your scheduled class
