JA Inspire[™]
Virtual

Hey Parents! Experience JA Inspire Virtual with your child!

May 4 - August 4, 2021

JA Inspire Virtual is Junior Achievement's capstone career development program for middle and high school students, focusing on local high-growth industries. Using virtual technology, JA Inspire Virtual 2021 features a dynamic, online career experience filled with over 40 local and regional exhibitors providing downloadable career information and videos to your child. Students are able to complete the self-guided curriculum that **links their interests and skills to a career pathway**. Students will be able to access the experience at any time through August 4, 2021.

We need your help to make this event a success!

Encourage your student to plan for their future by:

- Making a plan to **visit the event with your student** and having them show you their favorite booth
- Talking about what **careers they are interested in**
- **Discussing next steps**, such as high school courses, continuing education opportunities, internships, and extracurricular activities
