Manufacturing Awareness Event

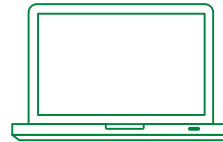

October 28, 2021

Join JA and The Workplace to learn more about manufacturing in CT

Did you know that manufacturing is one of the fastest growing industries in Connecticut? The Manufacturing Industry employs nearly 10% of the workforce in CT. With over 3,700 employers, the average worker earns between \$60,000-100,000 annually. Learn more from industry leaders about what they do, the skills required to enter the industry, and programs available to high school students.

Thursday, October 28 at 9am

**Virtual Event on
Microsoft Teams**

Agenda:

- Welcome message from ManufactureCT Executive Director, Jamison Scott
- Hear directly from leaders at leading manufacturing companies in our area, including Bigelow Tea and Sikorsky
- Stories from high school graduates who have participated in internships and apprenticeship programs
- Learn more about The Workplace Apprenticeship Program
- Explore Housatonic Community College degree programs
- Q&A with experts in the field

Contact [Jennifer Murphy-Pitcher](#) for more information and to register your students.
